JULY 2025-SEPTEMBER 2025

Check out a video  
of the terminal  
here!

## KENTUCKY COMPLETION

What started as a construction site in the summer of 2023 is now a fully operational, state-of-the-art terminal, and we couldn't be more excited to call it home. In June, our U.S. team officially moved into our brand-new facility at 7980 Vulcan Dr. in Florence, Kentucky. This new space marks a major milestone for Onfreight Logistics USA, giving us the room, resources, and reach to grow, not just in the U.S., but across our entire family of companies. The terminal will now serve as the home base for our U.S. operations team, complete with spacious offices, a comfortable drivers' area with amenities like a kitchen and shower, and the capacity to support new service offerings like warehousing, cross-docking, and more. It's a facility built for what's next, for our team, our partners, and our customers. We're especially excited to expand into the bustling Northern Kentucky tri-state area, where we hope to attract new business while continuing to deliver reliable, efficient service to our current customers on both sides of the border. To celebrate, we're hosting a Grand Opening Event on Thursday, July 31st from 12 PM to 5 PM. We'll be welcoming customers, partners, and industry professionals for tours, networking, and some good food and refreshments. We're proud of what this team has accomplished to get here, and we're even more excited about where we're headed. Thanks to everyone who played a part in making this a reality!

## TRUCKS FOR CHANGE

We are proud to continue our long-standing partnership with Trucks for Change. We recently delivered 5600 food packs that will feed 700 kids

in the Leamington area. These food packs are part of the After the Bell program, intended to help to fill the gap left when school meal programs pause for summer break. Thanks to our drivers and team for making a difference!
